

KIMURA

CELLARS

MARLBOROUGH 2024 Chardonnay

Vineyard

The vineyard is in the north of Wairau Valley. The age of vine is 28 years old (Clone 1 and 95), and the vine produces lower yield and smaller berries. The soils are silt loam with many large stones.

Winemaking

The fruits for this wine were hand-picked and whole clusters were pressed to gain the pure juice. Juice was run to tank for settling overnight and filled to barrel (20% new) where it is fermented with fine lees. It then rests in French barrels for 10 months. Only 100 cases were made.

Tasting note

A harmonious bouquet of ripe white peach, toast, and subtle nutty nuances fills the glass. The palate is defined by vibrant, cool-climate acidity, layered with fresh fruit flavours and seamlessly integrated oak, creating a well-balanced and elegant Chardonnay.

Alcohol:13% | TA:4.7 g per L | Residual sugar:Nil
